DER SMART CLOSE AUF KNOPFDRUCK GESCHLOSSEN

Die Besonderheit des Smart Close liegt in seinem Schließvorgang. Mittels Betätigen des Schließknopfes klappt das Schirmdach zusammen und der Schirm fährt selbstständig komplett ein. Somit braucht man die andere Hand nicht mehr zum Zusammenschieben des Schirmes. Man kann so elegant und schnell durch einen Durchgang gehen oder in das Auto einsteigen, ohne vorher die Einkaufstasche ins Nasse abstellen zu müssen.

DER SMART FOLD IMMER PERFEKT GEFALTEN

Dank der hochtechnologischen Klebformen, die auf der Innenseite des Schirmes angebracht sind, legt sich der Smart Fold in einer Spiralbewegung nahezu von selbst faltenfrei zusammen.
